One Hundred Years

a fascinating

and full life . . .

The year 1974 is truly a milestone in the history of Phillipsburg High School. The class of 1974 is the one-hundredth class to graduate from Phillipsburg. The first high school, the Freeman Building, stood on Fillmore Street at the site of the present Freeman Elementary School. The school was built in 1871 and the first class, consisting of nine pupils graduated in 1875.

In 1905, Michael E. Maloney was appointed athletic director. It was in that year that the first football game of the present Easton-Phillipsburg series was held. The game netted sixty five dollars profit and at that time the sports banquet was held in the home of one of the players.

The major part of the curriculum consisted of college preparatory subjects, while Business training consisted of only one semester of bookkeeping.

In 1906, the high school was moved to the top floor of the Lovell Building on South Main Street. The school consisted of four classrooms and a large meeting room. Five teachers, a principal and 275 students made up the school's population.

In 1908, a new high school was built at South Main Street and Jersey Street and today it is known as the Reese Building.

In 1927, the present high school building was constructed. Phillipsburg became well known throughout the area as both a fine academic and athletic institution. Shortly after, Mr. Maloney was appointed principal.

In 1959, under the leadership of Principal J. Charles Wanamaker, a $2 million addition provided for more than twenty new classrooms, a modern gymnasium, a new library, a cafeteria and also modern industrial arts and home management accommodations.

At present, Mr. Andrew Palencar holds the office of principal. Recently, with his approval, a broader horizon has opened in the area of curriculum study.

In contrast, with earlier years, the Phillipsburg High School of today accomodates nearly 1700 students. The curriculum provides a course of study to meet the needs of every student. The athletic program involves sports for both boys and girls and also includes a wide variety of intramural activities.

Over the years, Phillipsburg High School has built an outstanding record of achievement. Certainly, the graduation ceremony of the 100th graduating class, will add an important spoke to the wheel of progress at Phillipsburg.

an adventuresome life at Phillipsburg High School.

Superintendent and Board of Education

Dr. Dale Reinhardt has now completed two successful years as Superintendent of Phillipsburg Schools. Dr. Reinhardt is a graduate of Montclair State College and he has also earned a Doctorate in school administration from Lehigh University.

The Phillipsburg Board of Education functions under the able leadership of Mr. Albert J. Pianelli. The board legislates in best interest of the student body, the faculty, and the citizens of Phillipsburg. Each member employs his best judgement to create a more perfect school system and to provide the finest education possible for each student.

Principal

Mr. Palencar came to our high school highly qualified. A graduate of a Phillipsburg rival, Liberty High School, Mr. Palencar completed his college education at Bloomsburg State College. He also has a Master's degree awarded by Lehigh University.

In June, our principal, Mr. Palencar will have completed three years of administrative service and leadership at Phillipsburg High School. As principal, Mr. Palencar must be, in the truest sense of the word, an arbitrator and leader. He is representative of the standards at our school. His decision making powers must not only be sensitive to the needs of the student body, but also to the suggestions and demands of the school board and faculty. In the past three years, Mr. Palencar's administration has been ever more responsive to the earnest and mature requests of the student body, for example, a relaxation of the dress code. Under his auspices, the curriculum of the high school has undergone numerous changes. Seniors and juniors can now elect semester length English courses. The latest developments include tri-mester courses which add versatility to scheduling, integrated shop courses such as cooking, where young men and women take the course together, and history electives for seniors. In three years, Mr. Palencar has become very proud of our student body and has been very outspoken of his pride. Our traditional athletic rivalries have become ever more significant and meaningful to him. Phillipsburg pride and spirit have become an integral part of Phillipsburg High School.

Mr. Palencar takes time out for a picture.

Mr. Fred Leonard
Vice-Principal

Mr. Fred Leonard

Mr. Fred Leonard, our vice-princiapl will retire from his duties this year. A graduate of Moravian, he came to Phillipsburg High School in 1952 and was employed as a social studies teacher. He later attained a Master's degree from Lehigh University. In addition to his academic contributions, Mr. Leonard served as assistant football coach and also held the position of head track coach for several years. In 1963, he advanced to the administrative staff and served as the school Registrar. During this time, he was also involved with guidance counseling.

Mr. Leonard was appointed vice-principal in 1964. As vice-principal, his duties included confirming unusual absences and handling disciplinary problems. One of his major tasks involved scheduling both students and faculty. The work load of such a prodigous project was always great, however, Mr. Leonard succeeded in scheduling each student personally.

The Karux Staff, on behalf of Phillipsburg High School would like to extend their gratitude to Mr. Leonard for his guidance and leadership and also congratulate him on twenty-three years of fine service.

"Where were you sixth period?"

Mr. Leonard comtemplates the business of the day.

Mr. David Clauss
Vice-Principal

Mr. David Clauss

The friendly atmosphere of the high school is partly due to the efforts of Mr. David Clauss. His past experiences as both guidance counselor and teacher aid him in understanding the problems which he may encounter as vice-principal. His duties now involve curriculum coordination, course development, and teacher evaluation. Yet, inspite of his heavy schedule, Mr. Clauss still has time for a friendly talk.

Guidance Department

The Guidance Department of Phillipsburg High School is a vital asset to every student. The department offers help to each student in selecting his or her academic program. This, for many, will go hand in hand in choosing an occupation suitable to them. The Guidance Department has files of information on colleges and universities for those that are college bound and lists of various occupations for those undecided. Each counselor is interested in knowing each student individually and wants each student to make the most of his or her abilities.

Special Services

The people involved in Special Services are often times overlooked. However, each one of these people makes important contributions towards the welfare of the school and the student body. They are involved in matters concerning various branches of guidance. Some are involved with students who face problems outside of school. Others are involved with the C.I.E. program and are responsible for students receiving work experience before graduation. Other areas of Special Service also include attendance and financing. In any case, each of these services is certainly essential to the efficiency of the high school.

English

The English Department at Phillipsburg High offers a wide variety of new courses from which the 11th and 12th grade students can choose. In this way the students gain more knowledge in literature, the basics of English and the fundamentals of our language. This system, now in its second year, has been of great help to many students, especially those who are weak in grammar and composition. Students are helped because the courses are more centralized on one topic. It also stimulates a greater interest in literature, offering selections from Shakespeare to modern-day literature. The 9th and 10th grade students are still on the regular English program.

Foreign Language

The basic ingredient needed to overcome fear and misunderstanding among various nationalities is "communication." To be able to converse with your neighbor is an action which most people take for granted. The school's language laboratories, with their tapes and filmstrips, offer individual attention and advancement to the language student. Plays given in authentic costume and the introduction of field trips add zest to the courses. Our Foreign Language Department for granted while striving to break through the "communication barrier." Courses in foreign languages are available to all students at any time during their years at Phillipsburg High School in Spanish, German, French, or Latin.

Social Science

The main objective in teaching history to all students is to acquaint them with the lessons of the past so that they can contend with the problems of the present and the future. In addition to text books; filmstrips, slides, and motion pictures are presented. College World History is offered to freshmen in the College Arts curriculum. Applied Economics is offered to freshmen also to give them an understanding of themselves as individuals and members of their community. The junior and senior social science electives cover a wide range of subjects including: psychology-sociology, world cultures and government. Regular U.S. I and U.S. II History courses are also offered. An interesting course offered to seniors is the Multi-District Institute for Political Education, whose purpose is to provide the student with an opportunity to become aware of, and actively involved with, the political processes and law-related fields. Many role playing activities, such as model congress and interning in governmental offices accent this course.

Mathematics

Mathematics may be considered the primary factor behind almost everything in today's modern society. It is used by the average man and woman at the local grocery store and also by the scientist in intricately designed spaceship programs. Mathematics at Phillipsburg High School can involve the use of basics, such as addition and subtraction or the use of complex trigonometric functions. Offered courses in math include: Algebra, Calculus, Analytical Geometry, College Review Math, Economic Statistics, Fundamentals of Math, General Math, Plane and Solid Geometry, and Vocational Math. The Math Department prepares both the student who plans to further his education and also the student who will begin his role in life immediately after graduation.

Science

In today's world, there are very few subjects in which science has not played a significant part. To help students gain a comprehensive understanding of science, the physical sciences section offers a varied choice of courses. Freshmen are introduced to the physical sciences through one of two courses, general science and physiography. These courses stress understanding of scientific information, fact, and procedures. Upperclassmen's science courses offered relate to specific fields, biology, chemistry and physics. Biology I and II emphasizes laboratory procedures, introduces a student to the use of laboratory equipment, and enhances a student's understanding of life processes. Chemistry and physics emphasize problem solving abilities. Physical laws are studied in great depth. Students are taught to use and evaluate laboratory data. The science department not only provdes courses which provide a strong background for college-bound students, but a strong background for any student who will live in the technical world of today.

Business Education

The many competent people employed in the business world are indispensable because their services are essential to the effective running of the community. The Business Education Department provides students with basic training for business machines. Also studied are the important duties and skills of the secretary such as stenography, typing, and bookkeeping. From the training that students receive here, they should be able to become fine business leaders and pride themselves on their high sense of integrity and responsibility in business and economics.

The Fine Arts Department brings out the talents of each individual student, whether it may be in music or in art. The Art Department teaches such skills as lettering, painting, and ceramic work. The classes are devoted to teaching the student to create his or her projects from scratch. The Music Department offers courses in vocal and instrumental instruction. Students learn music appreciation along with the basics of rhythm and harmony. Concerts and other school events provide the students with on-stage experience. Certainly, both the Art and Music Departments enrich the lives of all students involved.

Home Economics

Home economics is a rewarding course for anyone who is interested in home management of all types. In fact, now even boys may elect courses in home economics. Courses may include cooking, from simple breakfast menues to exotic menues for dinner parties. The art of sewing, simple replacement of buttons to the designing of and creating an exciting ensemble, gives one a sense of accomplishment. Child development begins with caring for an infant, both his physical needs and training into early childhood. One also learns fundamental home furnishing and the responsibilities of running a home. All home economics courses are offered for a period of sixty one days or one third of the school year.

Industrial Arts

The aim of industrial arts training is to give the student a background that will help them fit into the industrial society of today. By practical experience in the industrial arts shop in school, students learn how tools, materials, and equipment which they have experimented with, are used in industry on a larger scale, courses are offered in agricultural science, horticulture, mechanical drawing, electronics, and auto mechanics. Metalworking, printing, and woodworking are also offered. This year marked the beginning of girls shop which was offered to senior girls and included survey courses in basic shop activities. These courses help the students to understand the industrial life that exists today in our country.

Special Education

All pupils are entitled to the best possible education. It is the responsibility of the school to create experiences of living through pupil-activities all within the student's power of realization. Each class must provide experiences which will help each individual pupil to devlop to highest potential for useful happy living now as well as in the future.

Every classroom should have a friendly atmosphere which gives the pupil a sense of security and a comfortable feeling of belonging. Such an atmosphere frees the pupil of his anxieties and fears which may hinder his attempts to succeed. In creating this atmosphere of favorable to growth for all, the teacher's attitude toward children is of prime importance. Such pupils need teachers who know, understand, and enjoy working with them in the classroom.

Individual needs and differences necessitate the adaptation of the curriculum and materials. The student is taught to live in and serve his community according to his capabilities. A pupil must succeed with a minimum of supervision as well as strive to be a socially self-supporting individual. In order to achieve this situation, skills, processes, attitudes, and appreciations must be based upon what a pupil can do with a minimum of error and a maximum of success.

Physical Education, Health, and Driver Education

A well developed body is an important part of the educational program. Instruction in Physical Education helps students to identify and to correct body weaknesses. Physical activities strengthen self-control and self-confidence. They help to develop team play and to create an air of good sportsmanship. Gym class also gives students the opportunity to escape the academic and social pressures of the classroom.

In Health class students learn about the human body and how to prevent and treat diseases. Junior health classes learn the fundamentals of driving. Health and Physical Education classes are divided among five semesters; gym classes occupying four semesters and health the remaining one.

Behind the wheel training is also offered at the high school. This course give students an excellent opportunity to learn the many skills necessary to become a safe driver.

He Was My "Best Friend"

At the Funeral Parlor,
I accepted the end —
For there I saw,
My Best Friend!
With pain in my heart
How I cried —
For it was certain,
Gene had died!
As I talked with friends,
Of our mutual pain —
One couldn't help but notice,
A constant refrain.
"He was My Best Friend,
At the Y.M.I.A. —
We had a lot-of-laughs,
He made it that way.
Others, who were classmates,
Were quick to reply —
They always knew Gene,
As one helleva Guy!
And the guys at the Madisons,
With whom he played ball —
Knew Gene to be —
The center of it all!

A former student —
Who was standing near
Said it's hard to believe
We thought he'd always be there!

And so many teachers,
In disbelief —
Recalled many incidents
To vent their grief!

The times after golf,
When he'd review his game
Now that he's gone —
It won't be the same.

The football pool —
He mustered with zest!
He somehow managed
To always be best!

The "Minstrel Show"
I guess it was his last!
It's hard to believe
He'll not be part of the cast!

The "Coffee Outing" —
and Mens Faculty Affair" —
Is it really possible —
He will not be there!

Yes He Will —
For he was My Best Friend!
God Bless you Gene
Till we meet again.

What is life?
Is it something that can leave us as easily
as it comes?
Is it something that one can hold,
or one can touch?
Is it valuable, what does it cost?
I heard it was precious, is that true?

I knew someone who told me about life
once,
he died.
He said life was beautiful and one of the
most precious possessions he knew.
He liked things to be simple and free.

I really didn't know him well, but,
he loved life yet his was taken,
how then does God work or are we never to
understand that?
Or was Bruno too beautiful to live in a
place like this?

We will never know.

But we will miss him, his simplicity,
his kindness, and to be touched by his
friendship is unexplainable.
He is gone, but to a place which is full
of happiness and peace.
But to all those who knew him,
he will live on in their hearts and thoughts
forever.

Color Guard

The Color Guard leads the band onto the field at half-time and the 1973-74 Color Guard members did a fine job. Captained by Debbie Radice, the girls performed snappy maneuvers with flags and rifles. They could be seen standing in the center of the field at strict attention during the playing of the National Anthem and our school's Alma Mater. Along with football games, the Color Guard led our band in all the parades, and we hope that next year's group will do as nice a job as this year's Color Guard.

J. V. Cheerleaders

This year's J.V. Cheerleading Squad cheered at pep rallies and J.V. sports functions. Captained by junior Lynn Harrison, the group of 11 girls did a fine job in providing spirit and pep for the student body. All the girls cheer well and can be expected to continue this action in their future years at P.H.S.

P.H.S. Marching Band

Pride is the key word in making a band good, and our band director, Mr. Neil Boyer has really instilled pride into his band members. Along with weekly performances at football halftimes, the band participated in many parades, concerts and pep rallies. The band members, including Drill Team, Color Guard and Twirlers, worked very hard to raise money to go to Niagara Falls to participated in The Niagara Falls Blossom Festival and show their musical and marching talents. We, at Phillipsburg High School are proud of our band and hope they keep up their fine work.

Attention!

The Drill Team marches off the field.

The 1973-74 P.H.S. Drill Team, under the direction of Mrs. Patricia Gibbs, could be seen marching during pre-game and halftime shows at our football games. Last spring the girls selected Barb Docker as their captain and she led the Drill Team onto the field during their performances. The Drill Team formed patterns and did marching maneuvers in both parades and football games, and could be seen practicing these with the band on Tuesday and Thursday evenings. The highlight of the year was the trip to Niagara Falls, Canada, where the Drill Team marched in a parade along with many other marching units and our band.

Twirlers

This year, the twirling squad was under the supervision of Mrs. Herbert Stecker. The head twirler for the past year was Nanette Rosoche. Our twirlers, besides performing during halftime at football games, in pep rallies, parades, the twirlers participated in the Blossom Festival at Niagara Falls along with the band.

P'burg Wrestlers Make It Look Easy

The meet matched the top-ranked wrestling teams in two of New Jersey's eight regions. The 1,500 fans who showed up at the Phillipsburg gym expected a meet that might not be decided until the heavyweight bout.

So much for expectations. The host Stateliners, ranked No. 1 in NJSIAA Region 3, won seven of the last eight bouts Saturday night to pull away for a suprisingly one-sided 37-12 victory over North Hunterdon, ranked first in Region 5.

"You have to be happy beating the No. 1 team in that region 37-12," said Stateliner coach Jan Dutt. "It's a proud moment for us.

"I think we did a pretty good job tonight. We got a lot of good performances out of guys in bouts that I thought were tossups. The score was a lot more one-sided than I expected."

"They beat us good," said North coach Harold Vandermark. "They're tough. We didn't belong on the same mat with them tonight.

Linerettes stay unbeaten with 2-0 win over Easton

P'burg Girls Even Record

Phillipsburg's girls basketball team used good defense and strong rebounding to even its East Penn League record at 2-2 yesterday.

Coach Ruth Gibbs' Statelinerettes built a 12-point halftime lead and went on to a 37-24 conquest of visiting Dieruff.

Mary Jane Deutsch provided the spark for Phillipsburg. She scored 10 of her game-high 16 points in the opening half as the Statelinerettes moved in front 18-6.

Miss Deutsch, who got her points on an eight-for-16 shooting performance from the floor, also led the team with 10 rebounds.

Char Boyer chipped in with eight points and nine rebounds, while Jill Rush added eight points and eight rebounds. Mary McCarthy, who scored two points, led with eight assists.

Rosie Sikorski was high for Dieruff with 10 points.

Phillipsburg won the jayvee game 16-11.

Field Hockey

The Girl's Field Hockey team was undefeated this year with eight wins and three ties. Out of those eleven games seven were shutouts. Coached by Miss Ruth Gibbs, the girls won the Penn Jersey Hockey Conference Championship. During the season the girls beat their biggest rival Easton, twice. In the Penn Jersey League the Statelinerettes came through with a 5-0-1 record.

This year the team was co-captained by seniors Mary McCarthy and Lori Vliet. Mary McCarthy led the team with sixteen goals.

The proudest game for Miss Gibbs was when her girls shut-out William Allen 4.0. That game was the one hundredth field hockey victory for Miss Gibbs as a coach here at Phillipsburg. Five of the girls received special honors by being named to the Penn Jersey League All Stars: Seniors, Mary McCarthy — left inner and Lori Vliet — halfback, Juniors, Nina Frinzi — fullback and Andrea Mereschak — center forward and sophomore, Janice Trauger — wing.

Girls' Basketball

The Girls Basketball Team, coached by Miss Ruth Gibbs, had a 12-10 overall record. The team had a 9-9 record in the East Penn League. The girls entered the state tournament and won three games before losing to Asbury Park. In the final game, however, they only lost by three points (48-45).

The captain was senior Mary McCarthy. She set four new records this year, her career scoring of 659 points, 88 assists this year, 91 steals, and scoring for an individual season. Other seniors were Char Boyer, Cheryl Merritt and Sue Woytkewicz. Mary McCarthy was named to the East Penn League All-Star Team. Junior Jill Rush and sophomore Mary Jane Deutsch were honorable mention candidates.

Girls' Softball

Our Girl's Varsity Softball Team is the defending state and league champion. The team at the time of this writing, had a 6-1 record. The only loss was to Easton 7-4. Veteran starter Donna Osmun had her 20th career win against Central Catholic at which she pitched a no hitter. Statelinerettes won that game with a 12-0 score. Donna's record is now 21-4 in 4 years. Junior Jill Rush pitched a 1-hitter against Notre Dame and won 6.0. Tri-captains were seniors Donna Osmun, Lori Vliet and Sue Woytkewicz. Other seniors are Mary McCarthy, Char Boyer, and Cheryl Merritt.

Varsity Football

Bob Stem's first year as Phillipsburg High School football coach will be remembered for many things. But mostly, it will be remembered for the glorious beginning and a satisfying ending. The middle "built character."

The 1973 Stateliners finished with a 4-5 record. But the wins were memorable ones because they were over neighborhood foes. At the opening game, Northampton was beaten for the first time in four years. Freedom and Dieruff, Big Six rivals, were handed solid defeats later in the season. And then, of course, there was the grand finale, Phillipsburg 18, Easton 6.

The young ball club played excellent football using "Phillipsburg Pride" as its battle cry. "These kids are just unbelievable," said Stem of the team. "And a lot of credit has to go to the twenty seniors who banded together. No one can say that these kids aren't a football team!"

Tear 'em up, Ellis!

Freshmen Football

The 1973 Freshman Football Team, coached by Mr. Samson and Mr. Dominic, ended their football season with a 7-0 record. This year's team had an aggressive offense and a strong defense which held its opponents to a total of 30 points all season, an average of 4.3 points a game. Congratulations on a fine season, and we hope you continue your success at Phillipsburg High School.

Varsity Wrestling

The 1973-74 Varsity Wrestling Squad compiled an 11-3 record under Coach Dutt. The Squad lost close matches to Neshaminy, Randolf, and Easton. Although it was a rebuilding year, the Liners seemed to improve with the season.

The Liners won the team title in their Christmas Tournament in a field filled with competition. The District XII Title again was taken by Phillipsburg. The team showed well in the tourney, gaining five individual titles. Seniors Mike Rosetti, Don Miller and Steve Ellis finished with first place honors in the Regional Tournament. Bill Mack placed second in the Region, and went on to place third in the state. Mike Rosetti finished as the second place winner in the state.

Junior Varsity Wrestling

This season, the J.V. Wrestling Squad had a very fine turnout. Coached by Mr. Chilmonik, they posted a 13-1 record. Outstanding wrestlers were Dale Vivian and Mike Kennedy. The J.V.'s have made P'Burg's wrestling future look very promising.

Varsity Basketball

This year's Varsity Basketball Team was under the leadership of Coach Mike Koury, former standout coach at Allentown Central Catholic, and assistant Bob Bachman, recent graduate of Glassboro State College. P'burg's first season under the new coaches was more successful than the record indicates (4-21). Phillipsburg basketball has established itself as a tough competitor in the East Penn League through upsetting wins and rugged play.

The team was led by senior and junior co-captains Stan Dyrek and Gary Carhart. Juniors Dave Smith, Jim Vaughn, and John Williams, playing his first year in organized basketball, proved to be valuable assets to the team.

Next year should be one of the best seasons yet with all but two lettermen returning.

Junior Varsity Basketball

This season's J.V. team provided one of the most exciting seasons in recent years. "Never a dull moment," might well describe their impressive victories. The fact that, of their defeats, six were by 4 points or less, provides a great deal of optimism for 74-75 basketball. This year's team was sparked by sophomore Rus Viscomi's fine all-around play.

The high point of the season was beating a fine P-Burg Catholic team on a 33-game winning streak.

Varsity Cross Country

Under the coaching of Mr. James Morgan, the Cross-Country Team posted an 11 win, 1 loss season. The one loss came at the hands of Easton, but the Stateliner's varsity squad gained revenge at the first Annual Tri-League Invitational Tournament, held at Lehigh University, by beating Easton 74 to 78. This year, the cross country team gained numerous accomplishments such as being the Central Jersey State Regional Group III runners-up and finishing the year 5th in the State Group III. Also this year, senior Bo Brennan finished 5th in the Meet of Champions, Regional Champion and Group III State Runner-up, thus becoming the best cross-country runner Phillipsburg has produced.

Varsity Baseball

Pitching, fielding, hitting — Phillipsburg had the first two. But failure to produce the third has proved costly to a fine team. Competing in the perennially tough East Penn League, the Stateliners saw their overall record drop from an early league leading 3-1, to a mid-season 5-10. In those 15 games, 8 were decided by one run, a fact that is a tribute to the calibre ball the club has played despite the elusive wins.

Varsity Track Team

This year, under new head coach Mr. Tavalsky and assistant coach Mr. Morgan, the track team began a season which was expected to be a building year. Under co-captains Bo Brennan and Bob Thorp, they entered the second half of the year growing stronger. This year, although the track team lacks depth, the varsity letter winners have turned in outstanding performances in addition to many excellent performances by new first-year members of the track team. The distance runners, led by Bo Brennan, have been extremely strong. Several new records have already been established. The 880 relay team of J. Ciardelli, J. D. Williams, E. Tucker, and J. Torcivia shaved 0.1 of a second off the old record of 1:35.9 and Bo Brennan set a new record in the mile of 4:25.5, shaving 4 seconds off the old record.

This year's team is a young one with plenty of promise. Under the direction of first year coach Robert Toolan, the team begins a re-building process with a bright future. With the nucleus of the team centered around the talents of underclassmen, the outlook for the season is a good one. Hard work and desire are the elements of a winning team and this year's squad is a hard working team with desire to spare.

Mr. Bellis Resigns As Head Baseball Coach

A hard-to-fill vacancy was left in the Phillipsburg High School coaching staff with the retirement of Mr. Harold Bellis as Head Baseball Coach. Mr. Bellis had held the position for twenty-six years.

Mr. Bellis is a graduate of Lafayette College and is presently a mathematics teacher and Chairman of the Mathematics Department at Phillipsburg.

Over the years, he has done a great deal to support and expand Phillipsburg's sports program. He held the position of Head Football Coach for over fourteen years, in which time he compiled an outstanding record of 89-29-10.

Mr. Bellis is a man to be admired not only for his qualities as a coach, but also as a teacher and simply as a good friend. Although he was perhaps not known best for his actions on the baseball diamond, Phillipsburg High School baseball will sincerely miss him. He has earned the respect of all for his integral role in the framework of Phillipsburg High School.

Sixteen years of undying effort is a lot to expect from anyone. Such was the effort put forth by Mr. James Herb. The students and faculty were saddened by his decision to retire as Head Track Coach.

Mr. Herb is a graduate of the Pennsylvania State University. He teaches boys' physical education at Phillipsburg.

Over the years, Mr. Herb's teams have compiled outstanding meet records. Twice his teams tied as Co-Champs for the East Penn League title.

Certainly his coaching abilities have been appreciated and his absence from the track will be noticed.

Mr. Herb

Mr. Tomaino

After eight years of working with the Phillipsburg High School tennis team, Mr. Pete Tomaino has announced his resignation as coach. During these past eight years, he compiled an outstanding record of 65 wins, 19 losses, and 2 ties. Once his team won the Central Jersey Group IV Championship. Twice his teams were Lehigh Valley Tennis League Champions.

In reviewing the past eight years, Mr. Tomaino had this to say:

> From the inception of the program until resignation, I saw a dynasty built. A group of players who were dedicated to the sport, dedicated to their fellow players, and dedicated to their coach allowed such a commendable record.

Such a dynasty was created by Coach Tomaino. Though we will miss him as tennis coach, he will remain as one of Phillipsburg's best English teachers.

The Karux Yearbook
Phillipsburg High School
Phillipsburg, N. J.

I learned this year that the task of putting a high school yearbook together is a great one. The road was long and at times weary, but the ruts were passed and the stones were rolled from the path. Much time and effort was put forth by each member of the staff. Drawing layout sheets, typing senior write-ups, and cropping picture after picture were just some of the many tasks undertaken. Now that the work is behind us, I would like to take the time to thank everyone involved in making the 1974 Karux possible. I would also like to give special acknowledgement and thanks to those who have given of their time and skills during the past year:

Mrs. Henrietta N. Thompson, our advisor, who stood by us and guided us through rugged times.

Mr. James Mamana, who was responsible for raising the necessary funds to finance our yearbook.

Mr. Andrew Palencar, Mr. Fred Leonard, and Mr. David Clauss for their unbeatable co-operation.

Mrs. Barbara French, Miss Linda Sigafoss, Mrs. Joan Rush, Mrs. Edna Seifert, Mrs. Pat Hampton, and Miss Wendy Morgenstern for their service and understanding.

Miss Shirley and Mr. John Oller of the Lorstan-Thomas Studio, and Mr. Joseph Torcivia for providing the photographs for our yearbook.

Mr. Russell Benson, our publisher, for his priceless aid in drawing up layouts.

Mr. Bernard Cohn for designing the cover exactly to our specifications.

Mr. and Mrs. Charles Volpe for their infinite co-operation in permitting us to set up our after school shop in their home.

Co-Editor, Lois Murray, her experience was vital in keeping the staff together.

Cathy Seip and Georgette Shakal — Senior Section, Linda Kist, Cathy Cutsler, and Shirley O'Connor — Underclass Sections.

Rich Pfeiffer and Ed Rammrath — Sports Sections, Charlé LaMonica — Activities Section, Nancy Moyle — Correspondence, Janette Weller and Cathy Reddy — Typing, Marianne Cuvo — Editing and Proof-reading.

In closing, it is my pleasure to present to you, for your approval, the 1974 Karux Yearbook. I hope you will cherish it in years to come as a fine account of the 1973-74 school year.

Sincerely yours,

James A. Anagnost

HURLEY
CAMDEN ARKANSAS

Senior

. . . four years of running
slow down to a march in May . . .

. . . for a piece of paper . . .
stating that you've only been
practicing

. . . time trials are still
coming?

It's going to come out
all right — do you know?

The sun, the birds,
the grass — they know

They get along —
and we'll get along.
